

## Virtual Attendance

WABB has always been committed to providing an educational opportunity to our community of laboratory professionals. This year, to support everyone's safety and honor our climate of social distancing, we will be offering a *virtual only* learning experience. Registered attendees will receive an email approximately one week prior to the seminar with instructions, program link and information regarding technical support required for September 15 & 16.

Wisconsin Association of Blood Banks, Inc. is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E. ® Program.

Check us out!

@WABBorg
